

CALIFORNIA FOOD AND AGRICULTURAL CODE, Dangerous Dog Law, Breed Specific Preemption (2005) Including amendments effective January 1, 2006

In 2005, California SB 861 was enacted to modify the comprehensive breed specific preemption originally enacted in 1989 by SB 428. This modification will allow cities and counties to enact ordinances specific as to breed only pertaining to mandatory spay/neuter programs and breeding requirements, but no breed or mixed dog breed is to be declared potentially dangerous or vicious under these ordinances. The remainder of the state statute on dangerous and vicious dogs remains unchanged but applies only to individual dogs based on specific criteria. California has 58 counties and 478 cities. As authorized, many have enacted more stringent ordinances pertaining to dangerous and vicious dogs.

31601. The Legislature finds and declares all of the following:

(a) Potentially dangerous and vicious dogs have become a serious and widespread threat to the safety and welfare of citizens of this state. In recent years, they have assaulted without provocation and seriously injured numerous individuals, particularly children, and have killed numerous dogs. Many of these attacks have occurred in public places.

(b) The number and severity of these attacks are attributable to the failure of owners to register, confine, and properly control vicious and potentially dangerous dogs.

(c) The necessity for the regulation and control of vicious and potentially dangerous dogs is a statewide problem, requiring statewide regulation, and existing laws are inadequate to deal with the threat to public health and safety posed by vicious and potentially dangerous dogs.

31602. "Potentially dangerous dog" means any of the following:

(a) Any dog which, when unprovoked, on two separate occasions within the prior 36-month period, engages in any behavior that requires a defensive action by any person to prevent bodily injury when the person and the dog are off the property of the owner or keeper of the dog.

(b) Any dog which, when unprovoked, bites a person causing a less severe injury than as defined in Section 31604.

(c) Any dog which, when unprovoked, on two separate occasions within the prior 36-month period, has killed, seriously bitten, inflicted injury, or otherwise caused injury attacking a domestic animal off the property of the owner or keeper of the dog.

31603. "Vicious dog" means any of the following:

(a) Any dog seized under Section 599aa of the Penal Code and upon the sustaining of a conviction of the owner or keeper under subdivision (a) of Section 597.5 of the Penal Code.

(b) Any dog which, when unprovoked, in an aggressive manner, inflicts severe injury on or kills a human being.

(c) Any dog previously determined to be and currently listed as a potentially dangerous dog which, after its owner or keeper has been notified of this determination, continues the behavior described in Section 31602 or is maintained in violation of Section 31641, 31642, or 31643.

31604. "Severe injury" means any physical injury to a human being that results in muscle tears or disfiguring lacerations or requires

multiple sutures or corrective or cosmetic surgery.

31605. "Enclosure" means a fence or structure suitable to prevent the entry of young children, and which is suitable to confine a vicious dog in conjunction with other measures which may be taken by the owner or keeper of the dog. The enclosure shall be designed in order to prevent the animal from escaping. The animal shall be housed pursuant to Section 597t of the Penal Code.

31606. "Animal control department" means the county or city animal control department. If the city or county does not have an animal control department, it means whatever entity performs animal control functions.

31607. "Impounded" means taken into the custody of the public pound or animal control department or provider of animal control services to the city or county where the potentially dangerous or vicious dog is found.

31608. "County" includes any city and county.

31609. (a) This chapter does not apply to licensed kennels, humane society shelters, animal control facilities, or veterinarians.

(b) This chapter does not apply to dogs while utilized by any police department or any law enforcement officer in the performance of police work.

31621. If an animal control officer or a law enforcement officer has investigated and determined that there exists probable cause to believe that a dog is potentially dangerous or vicious, the chief officer of the public pound or animal control department or his or her immediate supervisor or the head of the local law enforcement agency, or his or her designee, shall petition the superior court of the county wherein the dog is owned or kept for a hearing for the purpose of determining whether or not the dog in question should be declared potentially dangerous or vicious. A proceeding under this section is a limited civil case. A city or county may establish an administrative hearing procedure to hear and dispose of petitions filed pursuant to this chapter. Whenever possible, any complaint received from a member of the public which serves as the evidentiary basis for the animal control officer or law enforcement officer to find probable cause shall be sworn to and verified by the complainant and shall be attached to the petition. The chief officer of the public pound or animal control department or head of the local law enforcement agency shall notify the owner or keeper of the dog that a hearing will be held by the superior court or the hearing entity, as the case may be, at which time he or she may present evidence as to why the dog should not be declared potentially dangerous or vicious. The owner or keeper of the dog shall be served with notice of the hearing and a copy of the petition, either personally or by first-class mail with return receipt requested. The hearing shall be held promptly within no less than five working days nor more than 10 working days after service of notice upon the owner or keeper of the dog. The hearing shall be open to the public. The court may admit into evidence all relevant evidence, including incident reports and the affidavits of witnesses, limit the scope of discovery, and may

shorten the time to produce records or witnesses. A jury shall not be available. The court may find, upon a preponderance of the evidence, that the dog is potentially dangerous or vicious and make other orders authorized by this chapter.

31622. (a) After the hearing conducted pursuant to Section 31621, the owner or keeper of the dog shall be notified in writing of the determination and orders issued, either personally or by first-class mail postage prepaid by the court or hearing entity. If a determination is made that the dog is potentially dangerous or vicious, the owner or keeper shall comply with Article 3 (commencing with Section 31641) in accordance with a time schedule established by the chief officer of the public pound or animal control department or the head of the local law enforcement agency, but in no case more than 30 days after the date of the determination or 35 days if notice of the determination is mailed to the owner or keeper of the dog. If the petitioner or the owner or keeper of the dog contests the determination, he or she may, within five days of the receipt of the notice of determination, appeal the decision of the court or hearing entity of original jurisdiction. The fee for filing an appeal shall be twenty dollars (\$20), payable to the clerk of the court. If the original hearing held pursuant to Section 31621 was before a hearing entity other than a court of the jurisdiction, appeal shall be to the superior court. If the original hearing was held in the superior court, appeal shall be to the superior court before a judge other than the judge who originally heard the petition. The petitioner or the owner or keeper of the dog shall serve personally or by first-class mail, postage prepaid, notice of the appeal upon the other party.

(b) The court hearing the appeal shall conduct a hearing de novo, without a jury, and make its own determination as to potential danger and viciousness and make other orders authorized by this chapter, based upon the evidence presented. The hearing shall be conducted in the same manner and within the time periods set forth in Section 31621 and subdivision (a). The court may admit all relevant evidence, including incident reports and the affidavits of witnesses, limit the scope of discovery, and may shorten the time to produce records or witnesses. The issue shall be decided upon the preponderance of the evidence. If the court rules the dog to be potentially dangerous or vicious, the court may establish a time schedule to ensure compliance with this chapter, but in no case more than 30 days subsequent to the date of the court's determination or 35 days if the service of the judgment is by first-class mail.

31623. The court or hearing entity of original jurisdiction or the court hearing the appeal may decide all issues for or against the owner or keeper of the dog even if the owner or keeper fails to appear at the hearing.

31624. The determination of the court hearing the appeal shall be final and conclusive upon all parties.

31625. (a) If upon investigation it is determined by the animal control officer or law enforcement officer that probable cause exists to believe the dog in question poses an immediate threat to public safety, then the animal control officer or law enforcement officer

may seize and impound the dog pending the hearings to be held pursuant to this article. The owner or keeper of the dog shall be liable to the city or county where the dog is impounded for the costs and expenses of keeping the dog, if the dog is later adjudicated potentially dangerous or vicious.

(b) When a dog has been impounded pursuant to subdivision (a) and it is not contrary to public safety, the chief animal control officer shall permit the animal to be confined at the owner's expense in a department approved kennel or veterinary facility.

31626. (a) No dog may be declared potentially dangerous or vicious if any injury or damage is sustained by a person who, at the time the injury or damage was sustained, was committing a willful trespass or other tort upon premises occupied by the owner or keeper of the dog, or was teasing, tormenting, abusing, or assaulting the dog, or was committing or attempting to commit a crime. No dog may be declared potentially dangerous or vicious if the dog was protecting or defending a person within the immediate vicinity of the dog from an unjustified attack or assault. No dog may be declared potentially dangerous or vicious if an injury or damage was sustained by a domestic animal which at the time the injury or damage was sustained was teasing, tormenting, abusing, or assaulting the dog.

(b) No dog may be declared potentially dangerous or vicious if the injury or damage to a domestic animal was sustained while the dog was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog.

31641. All potentially dangerous dogs shall be properly licensed and vaccinated. The licensing authority shall include the potentially dangerous designation in the registration records of the dog, either after the owner or keeper of the dog has agreed to the designation or the court or hearing entity has determined the designation applies to the dog. The city or county may charge a potentially dangerous dog fee in addition to the regular licensing fee to provide for the increased costs of maintaining the records of the dog.

31642. A potentially dangerous dog, while on the owner's property, shall, at all times, be kept indoors, or in a securely fenced yard from which the dog cannot escape, and into which children cannot trespass. A potentially dangerous animal may be off the owner's premises only if it is restrained by a substantial leash, of appropriate length, and if it is under the control of a responsible adult.

31643. If the dog in question dies, or is sold, transferred, or permanently removed from the city or county where the owner or keeper resides, the owner of a potentially dangerous dog shall notify the animal control department of the changed condition and new location of the dog in writing within two working days.

31644. If there are no additional instances of the behavior described in Section 31602 within a 36-month period from the date of designation as a potentially dangerous dog, the dog shall be removed

from the list of potentially dangerous dogs. The dog may, but is not required to be, removed from the list of potentially dangerous dogs prior to the expiration of the 36-month period if the owner or keeper of the dog demonstrates to the animal control department that changes in circumstances or measures taken by the owner or keeper, such as training of the dog, have mitigated the risk to the public safety.

31645. (a) A dog determined to be a vicious dog may be destroyed by the animal control department when it is found, after proceedings conducted under Article 2 (commencing with Section 31621), that the release of the dog would create a significant threat to the public health, safety, and welfare.

(b) If it is determined that a dog found to be vicious shall not be destroyed, the judicial authority shall impose conditions upon the ownership of the dog that protect the public health, safety, and welfare.

(c) Any enclosure that is required pursuant to subdivision (b) shall meet the requirements of Section 31605.

31646. The owner of a dog determined to be a vicious dog may be prohibited by the city or county from owning, possessing, controlling, or having custody of any dog for a period of up to three years, when it is found, after proceedings conducted under Article 2 (commencing with Section 31621), that ownership or possession of a dog by that person would create a significant threat to the public health, safety, and welfare.

31662. Any violation of this chapter involving a potentially dangerous dog shall be punished by a fine not to exceed five hundred dollars (\$500). Any violation of this chapter involving a vicious dog shall be punished by a fine not to exceed one thousand dollars (\$1,000).

31663. All fines paid pursuant to this article shall be paid to the city or county in which the violation occurred for the purpose of defraying the cost of the implementation of this chapter.

31681. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

31682. The Judicial Council shall prepare all forms necessary to give effect to this chapter, including a summons or citation to be used by law enforcement agencies in the enforcement of this chapter. This chapter does not affect or change the existing civil liability or criminal laws regarding dogs.

31683. Nothing in this chapter shall be construed to prevent a city or county from adopting or enforcing its own program for the control of potentially dangerous or vicious dogs that may incorporate all, part, or none of this chapter, or that may punish a violation of this chapter as a misdemeanor or may impose a more restrictive program to control potentially dangerous or vicious dogs, provided that no

program shall regulate these dogs in a manner that is specific as to breed.

Effective January 1, 2006, SB 861 will take effect and modify the above Section 31683 as follows:

“31683. Nothing in this chapter shall be construed to prevent a city or county from adopting or enforcing its own program for the control of potentially dangerous or vicious dogs that may incorporate all, part, or none of this chapter, or that may punish a violation of this chapter as a misdemeanor or may impose a more restrictive program to control potentially dangerous or vicious dogs. Except as provided in Section 122331 of the Health and Safety Code, no program regulating any dog shall be specific as to breed.”

Additionally, SB 861 will add a new Chapter to the Health and Safety Code authorizing and restricting the authorized breed specific programs that may be enacted at the option of cities and counties:

Health and Safety Code, Division 105, Part 6

CHAPTER 7. SPAY/NEUTER AND BREEDING PROGRAMS FOR ANIMALS

“122330. The Legislature finds and declares all of the following:

(a) Uncontrolled and irresponsible breeding of animals contributes to pet overpopulation, inhumane treatment of animals, mass euthanasia at local shelters, and escalating costs for animal care and control; this irresponsible breeding also contributes to the production of defective animals that present a public safety risk.

(b) Though no specific breed of dog is inherently dangerous or vicious, the growing pet overpopulation and lack of regulation of animal breeding practices necessitates a repeal of the ban on breed-specific solutions and a more immediate alternative to existing laws.

(c) It is therefore the intent of the Legislature in enacting this chapter to permit cities and counties to take appropriate action aimed at eliminating uncontrolled and irresponsible breeding of animals

122331. (a) Cities and counties may enact dog breed-specific ordinances pertaining only to mandatory spay or neuter programs and breeding requirements, provided that no specific dog breed, or mixed dog breed, shall be declared potentially dangerous or vicious under those ordinances.

(b) Jurisdictions that implement programs described in subdivision (a) shall measure the effect of those programs by compiling statistical information on dog bites. The information shall, at a minimum, identify dog bites by severity, the breed of the dog involved, whether the dog was altered, and whether the breed of dog was subject to a program established pursuant to subdivision (a). These statistics shall be submitted quarterly to the State Public Health Veterinarian.”
