(Coauthors: Assembly Members Bloom, Chang, Chávez, Daly, and Cristina Garcia)

February 18, 2016

An act to repeal and add Section 1834.7 of the Civil Code, relating to animal shelters.

LEGISLATIVE COUNSEL'S DIGEST

AB 2269, as amended, Waldron. Animal shelters: research animals: prohibitions.

(1) Existing law requires a pound or animal regulation department of a public or private agency where animals are turned over dead or alive to a biological supply facility or a research facility to post a statement to this effect, as specified, and requires that this statement and other information also be included on owner surrender forms.

This bill would revise these provisions to apply them only to an animal shelter entity, as defined, where dead animals are turned over to a biological supply facility or a research facility. The bill would revise the posted statement and owner surrender forms to refer to euthanized animals. The bill would prohibit a person or animal shelter entity that accepts animals from the public or takes in stray or unwanted animals from selling, giving, or otherwise transferring a living animal to a research facility or animal dealer. The bill would also prohibit a research

facility or animal dealer from procuring, purchasing, receiving, accepting, or using a living animal for the purpose of medical or biological teaching, research, or study, or any other kind of experimentation, if that animal is transferred from, or received from, an animal shelter. The bill would prohibit a person or animal shelter entity from euthanizing an animal for the purpose of transferring the carcass to a research facility or animal dealer. The bill would except from these prohibitions specified procedures performed by, or under the direct supervision of, a licensed veterinarian, subject to certain conditions. A violation of these provisions would be subject to a civil penalty of \$1,000. By creating new conditions affecting the operations of local, public animal service entities, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

36 attorney or city attorney of the county or city where the violation
37 occurred. When collected, the civil penalty shall be payable to the
38 general fund of the governmental entity that brought the action to
39 assess the penalty.

3 local agencies and school districts for those costs shall be made
4 pursuant to Part 7 (commencing with Section 17500) of Division
5 4 of Title 2 of the Government Code.
